DISPENSER GUIDE: QUESTIONS PATIENTS COMMONLY ASK

The revolutionary technologies behind Varilux S Series™ lenses make it an exceptional lens design for all presbyopic patients as the best choice for any patient's prescription.

I'm satisfied with my current lenses. Why should I get Varilux S Series™ lenses?

With Varilux S Series™ lenses, your visual experience will be better, because they eliminate swim and provide edge-to-edge clarity throughout the lens.

What makes Varilux S Series™ lenses different from other progressive lenses?

Other progressive lenses may allow you to see at all distances, but only Varilux S Series™ lenses allow you to virtually see the way you did before you needed progressive addition lenses.

Why are Varilux S Series™ lenses best for me?

Varilux S Series™ lenses are clinically proven to provide superior performance for every aspect of your vision. No other progressive lens offers you limitless vision.

Are they really worth the additional cost?

I am confident in recommending Varilux S Series™ lenses to you—because I know you will have a better visual experience and feel more confident during daily activities.
